(54) Title: RETAIL DATA MANIPULATION

(57) Abstract

A method of manipulating retail data characterised by the steps of entering a purchase amount into electronic data manipulation system, and adding a percentage of the purchase amount via the data-manipulation system to a jackpot total associated with the method of data manipulation, and operating a random number generated to trigger a jackpot pay-out between a range of funds, and indicating via the data manipulation system whether the purchase amount triggered the jackpot.
